Class 3 (Year C)	Witches & Wizards (Sci)	War: What is it Good For? (Hist)	Brompton & Beyond (Hist/Geog)

- Topics are broken down into cohesive sequences of learning in the teacher's **Medium Term Plans** – these are available on request. These build upon the children's prior learning
- **Knowledge organisers** are developed for each topic, outlining the key 'sticky' knowledge that we want the children to retain. These are available for parents and in books for the pupils to refer back to.
- As we have mixed-age classes at Brompton and Sawdon, all staff follow the *Guidance for Building on Prior Learning* – ensuring that previous learning is consistently referenced and built upon.
- **Cohesion documents** are also provided for parents, outlining where learning is linked across the subjects
